Overview
Poster sessions are designed to give presenters an opportunity to discuss informally their research with colleagues interested in their research. The purpose of the posters is to visually stimulate interest in the research, to present sufficient information for viewers to understand the methods, results, and significance of the research, and to promote conversations and networking among conference participants.

Poster Session Schedule
Posters will be displayed in James Watt Centre Hall from 08:00-17:00.

SET UP: 07:00 to 08:00
