Discussion		
<p>1. Presentation by Brendan Flannery, PhD, Influenza Division, CDC: <i>Influenza VE Network and the Test Negative Design</i></p> <ul style="list-style-type: none"> ○ Dr. Flannery spoke on the novel use of the test negative design to evaluate vaccine efficacy. The first half of the presentation focused on the methodology including previous uses, differences between case control, relative risk, sensitivity, specificity, and validation. The second half of the presentation focused on vaccine effectiveness of previous flu seasons as evaluated by the VE Network including age, subtype, genetic group, vaccine type, and severity <p><u>Attachment:</u></p> <ul style="list-style-type: none"> • Presentation slides by Dr. Brendan Flannery
