Region	Name	Affiliation	Email	Major Area(s) of Interest	SIG Liaison
ASIA/AUSTRALIA	Edward Chia-Cheng Lai	School of Pharmacy, National Cheng Kung University, Tainan, Taiwan	Edward_lai@mail.ncku.edu.tw	psychiatry, neurology, pediatrics, geriatrics, international pharmacoepidemiologic study	AsPEN
	Madlen Gazarian, MD	University of NSW, Sydney	m.gazarian@unsw.edu.au	paediatrician, clinical pharmacology & therapeutics, clinical epidemiology & health services research, pharmacoepidemiology & pharmacovigilance	
	Wan-Ting Huang	Taiwan Centers for Disease Control	muagi@cdc.gov.tw; pecuchet@gmail.com	infectious disease epidemiology, pharmacoepidemiology, pediatrics, vaccines	
AFRICA	Ibrahim Oreagba	University of Lagos, Nigeria	iaoreagba@cmul.edu.ng	pharmacovigilance, clinical pharmacology	
EUROPE	Esme Baan	Erasmus University, Rotterdam	e.baan@erasmus.nl	asthma therapy in children	
	Veronique De Smet	Clinical Pharmacist	veronique.desmet@uzgent.be	off label medication, pediatric formularies	
	Genevieve Durrieu	Clinical Pharmacologist, University of Toulouse France	genevieve.durrieu@univ-tlse3.fr	drug safety, off label drug use	
	Florentia Kaguclidou, MD, PhD	Paris Diderot University-APHP	florentia.kaguclidou@aphp.fr	pharmacoepidemiology, drug utilization	
	Andrea Margulis MD ScD	RTI Health Solutions	amargulis@rti.org; andreamargulis@post.harvard.edu	pharmacoepidemiology, pediatrics, vaccines, drug safety in pregnancy	
	Miriam Sturkenboon Osemeke Osokogu	University Medical Center, Utrecht Erasmus Medical Center	mcjm.sturkenboon@gmail.com osokokogu@gmail.com	methods, pediatric databases, vaccines methods exposures, outcomes	Vaccine, Database
NORTH AMERICA	Al Artaman, MD PhD MHA	University of Manitoba College of Medicine	artamana@umanitoba.ca	cancer, perinatal, global health epidemiology	Oncology
	Paul Bakaki	Case Western Reserve University	pmb18@case.edu	polypharmacy	
	Mehmet Burcu, PhD, MS	Merck Co., Inc	mehmet.burcu@merck.com	drug safety and outcomes research, causal inference, health policy, drug utilization, psychiatry, and cancer	
	Greta Bushnell, MSPH	University of North Carolina at Chapel Hill	gbushnel@live.unc.edu	psychotropic medications, pediatrics, pharmacoepidemiology	Adherence
	Wendy Camelo Castillo, MD MSc PhD	University of Maryland, Baltimore	wcastillo@rx.umaryland.edu	comparative effectiveness, multimorbidity, mental health, medications in pregnancy	
	Bruce Carleton PharmD	University of British Columbia Faculty of Medicine	bcarleton@popi.ubc.ca	pharmacoepidemiology, pharmacogenomics, complex diseases	
	Susan dosReis, PhD	University of Maryland School of Pharmacy	sdosreis@rx.umaryland.edu	psychotropic outcomes; multi-morbidity, foster care and vulnerable populations	
	James Feinstein MD MPH	University of Colorado School of Medicine	james.feinstein@ucdenver.edu	polypharmacy, drug-drug interactions, complex chronic diseases, epidermolysis bullosa	
	Daniel B. Horton MD MSCE	Rutgers University	daniel.horton@rutgers.edu	glucocorticoids, antibiotics, pediatric rheumatology, juvenile idiopathic arthritis	
	Lauren Kelley, PhD, CCRP	University of Manitoba	lauren.elyse.kelly@gmail.com	clinical trial methodology, systematic reviews, opioids, neonatal drug development	
	Alan Kinlaw, PhD	University of North Carolina at Chapel Hill	akinlaw@unc.edu	antibiotic utilization and stewardship, respiratory diseases, vaccines, causal inference	
	Tamar Lasky, PhD, FISPE	MIE Resources	tlasky@mie-epi.com	pain medications, antibiotics, drug utilization, real world evidence, policy, vaccines	
	Stuart MacLeod, MD, PhD	University of British Columbia	smacleod@bcchr.ca	drug policy research, clinical pharmacology, global child health
